Our Mission

At Ultra Metal Powders Sp. z o.o., we supply the highest-quality spherical metal powders and precise aerodynamic classification services, supporting our customers in developing innovative solutions in additive manufacturing and thermal spraying.

Our Vision

To be recognized as a technology partner in the advanced powder materials industry, distinguished by product quality, process innovation, and reliable customer service.

Quality Management System

To meet changing needs and the highest quality requirements, we have developed and implemented a Quality Management System compliant with ISO 9001:2015.

Through the rigorous implementation of defined principles and the provision of necessary means and resources, and by declaring our personal commitment, we undertake to fulfill requirements and continuously improve the effectiveness of the management system.

Our Commitments

- **Product Quality** - We supply powders with excellent parameters: satellite-free spherical morphology, narrow particle size distribution, high apparent density and flowability, as well as precise classification using AIRBLADE technology.
- **Customer Service** - We fulfill orders on time, provide full technical support, and build partnership-based cooperation.
- **Continuous Improvement** - We systematically improve our processes, monitor quality indicators, implement corrective actions, and invest in the development of technology and team competencies.
- **Compliance** - We meet customer requirements, technical specifications, legal regulations, and industry standards, while maintaining the highest standards.
- **Team Engagement** - Every team member is responsible for quality in their work and actively participates in achieving objectives and improving processes.

Quality Objectives

We implement this policy through measurable objectives covering on-time delivery, product conformity with specifications, customer satisfaction, and the effectiveness of improvement actions.

This policy is communicated to all employees and partners and is available to interested parties. It is regularly reviewed to ensure its relevance and support for the strategic direction of Ultra Metal Powders Sp. z o.o.

Approved by:

Dr. Eng. Mateusz Skałoń, President of the Management Board
